Long-Stemmed Giantflowering 'Floromatic' Tulips

Out of the many varieties, now in cultivation, these ten tulips are the most spectacular ones. They are even more valuable by their 'Floromatic' treatment that ensures bigger, longer-lasting flowers, with sturdier stems. Just follow our "Instructions for easy planting", sent with every order and next spring you will enjoy the most beautiful tulips, you ever saw.

EMPIRE STATE. Big, strong flower in perfect shape. Beautifully formed petals in glowing red. Long sturdy stem that bears this fantastic bloom.

ANKARA. The best of the tall-stemmed varieties. Unique in its attractive yellow color. Unsurpassed long, slender flower.

FLAMING BEAUTY. The most outstanding of the two-toned tulips. Clear yellow, flamed bloodred. Long-lasting in the garden as well as a cutflower.

ROLAND. Bright scarlet, edged ivory white. The best of the white-rimmed varieties. Early flowering, medium tall and therefore perfect for groups in the border.

CHARLES NEEDHAM. The most 'red' of all long-stemmed tulips. Beautifully contrasting violet heart. Big flower.

'Floromatic' bulbs are basically different from any other type of bulbs. Big and strong, full of flowering capacity, guaranteed to give the finest flowers imaginable. Stassen's 'Floromatic' bulbs give your garden Beauty, Individuality and Distinction.

ARISTOCRAT. Aristocratic indeed, with the slender, yet robust flowers, proudly borne on a sturdy and tall stem. Soft pink, passing into silvery white towards the edge.

BLUE RIBBON. Dark petunia violet, edged mauve. Impressive flower of perfect shape and texture. Fascinating for color and form.

GLACIER. Quite unique among the white tulips. Slender flower of rare substance. Entirely pure within. Outstanding in size and shape.

ORIENTAL MYSTERY. Medium early variety with large flower. Absolutely unique is the handsome color-combination of dark chestnut with the golden-shaded margin. Great.

SMILING QUEEN. Graceful tulip with a refined and slender flower. Rosy red, edged silvery pink, with white base. Strong stem.

Stassen, the big Holland bulb company, with the reputation of being the best one, features the world-wide registered trade mark **'Floromatic'** (U.S. Patt. Off. 677142).

Scientifically it has been proved that quality depends on the size of the bulbs, as well as the development of the flowerbud inside the bulb.

That's why **'Floromatic'** bulbs are grown, harvested and stored under very special conditions. On the large Stassen nurseries day after day the growing process is checked. After harvesting, the bulbs get their NEW scientifically developed **'Floromatic'** treatment.

Science and practice go together, to ensure long-lasting flowering in superior **'Floromatic'** quality.

To be sure of the right conditions, necessary for the good preservation of the flowerbud during the shipment, **'Floromatic'** bulbs are packed in the specially prepared **PT +**.

To have the full benefit of your **'Floromatic'** bulbs and your **PT +**, just mulge this **PT +** through your planting-soil. **PT +** namely improves the growing conditions in your garden, for it is a good soil conditioner and moreover it contains desinfectants of rodents, remedies for bad soil and fertilizer.

As the **'Floromatic'** treatment can only be given within a limited period after harvesting, we want your order early. So, mail your order NOW.
